Trujillo (city).....	24	{ 9 }	7	13	28
Trujillo (country).....		{ 15 }			
Mollendo.....	2	1	1
Monsefú.....	1	1
Chiclayo.....	2	2
Chepen.....	3	2
Niepos (Hualgayoc).....	2	2

Since last report a new case of plague has occurred in Callao.

Plague is reported from Chile as follows: Antofagasta, 24 cases with 2 deaths (May 24); Iquique, 11 cases and 1 death (May 26); Arica, present (May 27).

PORTO RICO.

Report from San Juan—Yellow fever case on steamship Julia from Santiago.

Chief Quarantine Officer Foster reports:

July 8. Mild case yellow fever at station from steamship *Julia* from Santiago. Apparently well on arrival, but suspected account temperature and immediately placed in mosquito-proof. *Julia* sulphurized here and Santiago. Probably no danger.

VENEZUELA.

Report from Caracas—Status of plague—Sanitary precautions not observed.

The following is received from Chargé d'Affaires ad interim Sleeper, under date of June 13:

The plague situation here is as follows:

June 10, 2 cases; June 11, 1 case, 1 death; June 12, 2 cases.

I understand that the Government last week ordered 1,000 tubes of Haffkine's lymph and 2,000 tubes of Yersin serum. Aside from this and the disinfection and temporary closing of the infected houses the Government has taken no measures to prevent the spread of the disease. Ordinary vehicles are used to carry the infected to the hospital and immediately afterwards employed in the transportation of merchandise from one part of the city to another, the hospital itself being situated in the midst of a congested district within a few hundred yards of the stations of the Caracas and La Guaira and Puerto Cabello railroads.

It is impossible to obtain authentic information from the interior.

FOREIGN AND INSULAR STATISTICAL REPORTS OF COUNTRIES AND CITIES—UNTABULATED.

AUSTRALIA—*Queensland—Brisbane.*—Month of April, 1908. Estimated population, 135,655. Total number of deaths, 83, including enteric fever 1, plague 1, and 7 from tuberculosis.

BRAZIL—*Ceara.*—Month of May, 1908. Estimated population, 50,000. Total number of deaths, 131, including 2 from whooping cough.
